## Mr. Eric Delamaide Receives SPE Distinguished Membership from Society of Petroleum Engineers

**Richardson, TX** (3 October 2019) – The Society of Petroleum Engineers (SPE) recently honored Mr. Eric Delamaide with SPE Distinguished Membership at SPE's Annual Technical Conference and Exhibition held 30 September – 2 October in Calgary, AB, Canada. Delamaide is General Manager at IFP Technologies Canada Inc.

Delamaide is being recognized for his renowned expertise in Enhanced Oil Recovery (EOR), his pioneering work on polymer flooding in heavy oil, his leadership and contributions to EOR projects in over 20 countries, and his tireless work supporting and promoting SPE through countless technical committees at local and international events.

SPE serves more than 164,000 members worldwide, sharing technical knowledge for the benefit of our industry. Each year, SPE presents awards that recognize members whose efforts have advanced petroleum technology, as well as their professional achievements and contributions to the industry and the society.

"It is an honor to recognize Eric for his commitment and dedication to the oil and gas industry with the SPE Distinguished Membership. SPE international award winners were nominated by their colleagues and selected by their peers for their achievement and contributions and it's my pleasure to congratulate him on receiving this prestigious international award from SPE," said Sami Alnuaim, 2019 SPE President.
